Dear Parents and Carers

A student in my Year 7 Religion class asked me during the week why Easter this year was during the school holidays and not like it was last year before the holidays. It made me think just how closely linked our Christian history is to Jewish history, as Easter relates to the Passover.

As we know the crucifixion of Jesus occurred on the first day of the feast and early Christians found a scriptural correlation between Jesus and the sacrificial lamb. The flexibility of Passover allowed the early Church to celebrate Christ's resurrection (now Easter Sunday) on any day of the week on which the third day of the festival happened to fall. This all got confusing until Emperor Constantine, who convened the Council of Nicaea in AD 325 ruled that all churches would celebrate Easter on the first Sunday after the first full moon of the Spring Equinox.

Now that I had established when, with the girls, all the questions arose about why it is called Easter and what has it got to do with eggs. A good discussion arose until we got to the true meaning of Easter for us and the Christian significance of Christ's resurrection; that this is a time for us as Catholics to celebrate and rejoice in the resurrection or rising of Christ to heaven and reflect upon its meaning for us. So why not make a special effort this Easter season to be involved with all the celebrations in your local parish.

SIBLING ENROLMENTS 2015
Just a reminder to parents who already have a daughter here and would like their other daughter to attend Mercy College in 2015, that they need to put in an Enrolment Application before the end of this term. You should not think that the next daughter can attend Mercy automatically. Positions for 2015 are fast filling so I would not like to see a sibling of one of our students missing out. Please get the Enrolment Form from our website or ring the College Registrar Mrs Kirsteen Fisscher on 94192890.

ANAPHYLAXIS GUIDELINES:
If your daughter has ever suffered an anaphylactic reaction you must read the College guidelines at the beginning of the Parent News section of this newsletter. Please note that it is your daughter’s responsibility to carry her own epipen.

HOLIDAYS:
I wish all the staff and students a safe and restful holiday and look forward to everyone coming back refreshed, ready for Term 2.

Best Wishes

Suzanne Kavanagh

Principal
Message from the Assistant Principal

COLLEGE PROCEDURES FOR LATENESS OR APPOINTMENTS

I would like to remind parents/carers of the procedures if your daughter is late or is required to attend an appointment.

Please report to the Front Office if you require to see your daughter during school hours. The College has a Duty of Care to challenge visitors who have not been signed in at the Front Office.

If your daughter needs to leave the College for an appointment and/or is returning from one please provide her with a note (which she takes to her Tutor Group in the morning) for her Tutor to issue her an Exit Pass. When it is time for her to leave for her appointment she will then need to go to the Student Services desk to sign out and show her Exit Pass to the office staff. She must hold onto the pass whilst outside of the College as proof that she has permission to leave the school grounds. Although it is best to strive to make dental and medical appointments outside school hours it is understood, especially with specialist doctors, that this may not always be possible.

No student should phone or text their parent/carer if they are feeling sick or visa versa if a parent needs to take a student urgently to an appointment. All contact is to be made through the Front Office.

Please see below for sickbay procedures :-

Illness during the day and use of Sick Bay
Sick Bay is provided for the comfort of students who become ill during the day. It is not possible to provide all-day care for students. If a student remains unfit for class after a short period in sick bay, parents will be contacted by office staff and asked to make arrangements to collect her. Students must not make their own arrangements to be collected by parents. Parents are asked not to send a girl to school who is obviously unwell.

It is important these procedures are followed for the wellbeing of your daughter/s

Year 7 Parent Teacher Night

Year 7 Parent/Teacher/Student Interviews will be held on Tuesday 20 May, 3:30pm – 6:30pm. Your daughter will receive an appointment sheet at the end of Week 2.

Year 11 and 12 Parent Teacher Night

Year 11 and 12 Parent/Teacher/Student Interviews will be held on Tuesday 27 May, 3:30pm – 6:30pm. Your daughter will receive an appointment sheet at the end of Week 3.

It is important that parents/carers make a time to meet with teachers so as to support your daughter with her studies.
Message from the Assistant Principal

Winter Uniform

From the beginning of Term 2 all students are to wear the winter uniform.

The length of the kilt is to be 5cm BELOW THE MIDDLE OF THE KNEE.

The uniform is available from Lowes at Chatswood and it is expected that all students will be in the correct uniform and have the correct length of the kilt when they return at the start of Term 2. It is suggested that ample material is left in the hem to ensure the kilt can be lengthened as your daughter grows.

If the length of the uniform is incorrect, a letter will be sent home to inform you. If the length has not been corrected by the time indicated on the letter then your daughter will be suspended from class until the length has been corrected.

Please refer to the Student Planner and website for uniform regulations.

The College blazer is to be worn to and from school throughout Terms 2 and 3.

Ms L Kayrooz
Debating

This year’s Catholic Schools’ Debating Association competition has begun. Years 7 – 10 students travelled to Mount St Benedict’s College in Pennant Hills last Friday. The topic for Years 7 and 8 was “that there is too much violence on the news”. The Years 9 And 10 topic was “that our society is too soft on crime”. Both topics presented some tricky situations. In the end, Years 7, 8 and 9 had wins. This was very pleasing.

This week, we are debating St Andrews College from Marayong about the topic of travel.

We wish the debaters the best of luck.

Mrs Rachel Morgan

Year 7 Athletics Induction

On Thursday 20 March, all Year 7 students travelled to Rotary Athletics Oval for a day to improve their shot put, javelin, discus and triple jump skills. For many, this day was a totally new experience as many had not encountered the diverse range of skills required for athletics.

To the students’ credit, all girls were enthusiastic for each session and displayed many admirable talents throughout the day. Furthermore, whilst it was comparable to a summer’s day and the iced water queue rarely ended, all students braved the challenging weather conditions and managed to survive the heat.

Special mention must go to Ms Jenny Paton, Ms Kristy Reed and Ms Jane Knapinski who all provided exciting sessions that ensured students were able to actively and safely participate in the day’s events.

2013 ESSA Online Test Results

Year 9 students should receive their Essential Secondary Science Assessment (ESSA) 2013 test results by the end of Term One. ESSA is an online interactive test which provides information about what students know and can do in Science. Tasks in the test are framed on Stage 4 outcomes and essential content in the NSW Science Years 7 – 10 syllabus.

Overall results showed that all students performed very well. The mean in all areas, which include extended response tasks and short response tasks of knowing and understanding, communicating scientifically, as well as working scientifically, were all above the state mean. The percentage of students from Mercy in achievement levels 6, 5 and 4 were higher than the State mean percentage, while there were less students from Mercy in achievement levels 2 and 3 in comparison to the State mean percentage. There were no students in band 1 (achievement level 6 being the highest and 1 being the lowest).

Congratulations to all the students who took part in the ESSA 2013 Online Test, particularly Adria De Borja, Alyssa Jephcott, Rachael Maggiora, Ami Morita, Michelle Prajogo, Sophia Chan, Vanessa Daniels, Charlotte De Pomeroy, Stephanie Stewart and Natalie Methven who all got an achievement level 6 in Overall Science. This was 9.3% of the 2013 Year 8 cohort compared to 5.5% of the State. A hearty thank you for all the hard work and dedication of the 2013 Year 8 Science teachers.

Mrs R Lau
Science Co-ordinator

Au revoir Sydney, Bonjour Paris!!!

We are finally on our way to France. This Saturday thirteen very excited Year 10 and 11 students and three equally excited teachers are heading off to France. We are going to immerse ourselves in French culture, art, language and of course food. The students have chosen an Art or French language focus and will be doing classes in these as well as having lots of time to see the sights and visit galleries etc.

While we are away we will be on Instagram and would love for the Mercy community to follow our adventures. Search Mercyfranceimmersion on Instagram.

We look forward to sharing all our tales and we will have an exhibition displaying our artworks and French language experience when we return.

Jane Lennon
Creative Arts Coordinator
Last week on Friday 28th of March Year 7 went to the hall for a workshop on how to improve our friendship skills and what the true meaning of friendship is. We met 3 members of the Rising Generations team called Rosie, Erin and Sophie. They demonstrated the typical friendship groups that we may meet or experience in High school. We played many different enjoyable activities including…

- Hey I just met you
- Mexican wave {in the shortest time }
- The missing penguin mascot

All of these games needed a teaspoon of co-operation, a pinch of team work and a cup of friendship. With all these ingredients we created a Friendship cake!

By Rose Henshaw
Year 7 Media and Creative Arts Leader
Year Eleven Biology Field Trip Excursion to North Narrabeen and North Curl Curl

On Friday, 28th of March a group of eager Year 11 Biology students arrived at school to attend the Field Trip excursion. As our names were all marked off we hopped on the bus to take us to our destination. We arrived at North Narrabeen to rainy weather and headed to the Coastal Environment Centre. Here we were greeted by Toni Wilson, who educated us on the local ecosystem, the rock platform. We gathered in a room to listen to a lesson to assist us in our field work for the day. During this time we were each given a booklet which had information about the area we were going to study as well as worksheets to complete during the fieldwork. Toni then presented a very informative PowerPoint and showed us some of the various organisms we would see out in the rock pools.

After this we headed out to the rock platform at North Curl Curl. On the way we had a quick break for recess and split up into two groups, Mr Marshall’s class and Mrs Reid’s class. Shortly after the break we were warned about some of the safety issues that we needed to be aware of on the rocks. we then headed onto the rock platform to complete the various activities on sampling techniques. During these activities we were able to go around the rock platform and touch organisms such as sea stars, cunjevois and anemones.

After we finished collecting our data we had a quick lunch break and then finished off the worksheet. After doing so we headed back to the bus to take us back to school. All in all this day was a very enjoyable experience that allowed us to study a local ecosystem and understand how the organisms interacted and how to collect data in ecosystems. We would like to thank Mr Marshall and Mrs Reid for making this day possible and for making it an enjoyable experience.

By Sarah Nicoll
Student News

On the 27th of March, Years 11 and 12 Visual Art students journeyed to the Art Gallery of NSW to attend 2013’s Art Express and the 19th Biennale exhibition of Sydney. Art Express displayed NSW’s Visual Art major works from 2013’s Year 12 students. We had the opportunity to observe the artworks and find future inspiration for our own major works. From the moment we entered the Biennale exhibition we were overcome with awe. The contemporary art included a live performance with the artist, short films, photographs, sculptures and paintings. We had some time to spare so the teachers walked us around to MCA to observe another section of the Biennale exhibition. In all, the day was an eye opener and allowed us to lose ourselves in the possibilities of what we can create.

“I encourage anyone who has the opportunity to attend the exhibition, it was great to have exposure to such a different form of art” –

Kiara Munich Year 11

Activities Club

The Drama Club

The excitement will continue in Term 2 where students will have fun with a new topic, ‘Theatresports’ which is the inspiration for shows such as ‘Whose line is it anyway?’ and ‘Thank God you’re here!’

Students will continue to...

- Build their confidence in a friendly and supportive environment
- Develop their creativity
- Improve their communication skills
- Be taught professional acting skills
- Meet new friends

Classes are only $13 a lesson and is paid by term.

When? Wednesday 3.45-4.45pm

(If extra class required- Tuesday 3.45-4.45pm)

Where? The Drama Room

Felicia Kontoulas is a qualified Drama and English teacher who has taught at secondary schools, theatre companies and acting agencies. She has a wealth of experience as an actor in the TV, film and theatre industry. Felicia is a graduate of Mercy College

Please see Mrs Kellendonk in the Library for registration forms.
UMPIRES – you will be notified by email from Lucy Dempsey of your umpiring times. Please respond & confirm your availability. NB: New umpires will begin round 2.

WET WEATHER LINE - Wet Weather line has a New Service App: http://blinkm.co/nsna- this is the link for the new service for wet weather for NSNA. For those with an Apple device, you enter the address in Safari (internet explorer) and then save it as an App. which means you can then just press it for updates. OR Call 1900 920 282 (calls charged 60c/min, higher from mobiles/pay phones) OR Check http://nsna.nsw.netball.com.au

Anaphylaxis Guidelines

The following is a guide to how the College manages students with severe allergies, who have been diagnosed with anaphylactic reactions.

**Action Plan**

The College requires an annual Action Plan, reviewed each year, signed by your doctor for every student with medical conditions and/or allergic reactions.

**College Office/Sick Bay**

The College office will no longer keep student’s individual medical boxes. It is the responsibility of each student to have their medications/Epipen on them at all times. An Epipen is kept in Sick Bay for emergency use for any student who needs it and who may not be able to access their own medication.

Medical Alert List: This list is distributed to all staff, placed in the staffrooms and in the canteen. Information on this list is confidential as student’s photos and medical conditions are detailed.

No nuts or nut products are used in the preparation of fresh foods in the canteen. However we cannot guarantee processed products do not contain traces of nuts. Please ensure your daughter is aware of this when purchasing from the canteen.

**College guidelines regarding the sale of baked items (cake stalls)**

The College community is asked to avoid using nuts in baked goods offered for sale at cake stall fundraisers. In addition, it is requested that a list of ingredients is provided to display at the point of sale. ‘No list – no sale’. However we cannot guarantee these goods will not contain traces of nuts. Please ensure your daughter is aware of this if she is purchasing from cake stalls.

**Excursions**

Parents are requested to list all medical conditions and medications required on the permission slip, each time there is an excursion. This information is taken with teachers on the trip. Teachers will always have a first aid kit on them in case of emergencies, but your daughter must carry her own Epipen/medication.

**Students**

The College encourages students to take responsibility for the management of their allergies.

Students are encouraged to alert any member of staff and/or to come straight to Sick Bay in the office, if they suspect that they are having a reaction.

Any queries please do not hesitate to contact Elizabeth Poland in the Office on 9419 2890.

NOTE: Please have your daughters collect their medication from the Front Office.

April 2014
Chatswood-Willoughby ANZAC Day Dawn Service
Friday 25th April 2014, Garden of Rememberance, Albert Avenue, Chatswood

The commemoration service will commence at 5.25am and finish at approximately 6am. Following the service, light refreshments will be served at the Chatswood RSL Club.
For any further information please contact Christina Ng on 9419 7386 or christina.ng@chatswoodrsl.com

Hunt for blood donations to help cancer patients this Easter.

This Easter and Anzac Day, you can help secure blood stocks for cancer patients.

Blood products called platelets, vital to the treatment of cancer patients, have a shelf life of just five days.

Long weekends can lead to a major drop-off in platelets, and donations are needed in the lead up to and over the Easter and Anzac long weekends.

To donate call 13 14 95 or visit donateblood.com.au

Mercy Catholic College is proud to be a part of the Australian Red Cross Blood Services group blood donation program, Club Red. As a Club Red member, we are supporting this initiative and encourage eligible staff, parents and friends of the school to give blood and help Mercy save lives in 2014.

Donate this Easter and join the Mercy Catholic College group on Club Red online at www.donateblood.com.au/clubred. Alternatively you can ask to fill in a Club red slip when you go into the centre to donate.

The Chatswood Blood Donor Centre is located at 2/1 Spring Street.

One donation can save three lives imagine how many lives we could save if the Mercy Catholic College Community donates together.

Lindfield Rotary Club Fun Run - Sunday 6 April 2014

Your daughter has the opportunity to participate in the Lindfield Rotary Club Fun Run on Sunday 6 April 2014. This is a community event to assist Rotary charities. The event is not a compulsory College activity but some students and staff have shown interest in the event and have decided to support it. There will be weekly training sessions after school on Thursday afternoons but these are not compulsory.

This event will be held at Roseville Oval, Clanville Road, Roseville.

Entry Fees

</tr>
</tbody>
</table>

All entries received after the close of business on Saturday 29th March will be subject to a Late Entry Fee of $7 for individuals and $15 for families.

The 5km event will start at 8:00 am and runners will be positioned at the front for the start with walkers to the rear.

The 10km event will start at 8:15 am and require two circuits of the course.

On the day, there will be toilets and changing facilities available at Start/Finish area, free security tent provided for participants' valuables, first aid along the course and drink stations provided on the course and at the finish.

Although the College supports this event, there will be no direct supervision at the Fun Run and it is the parents/carers responsibility to ensure their daughter is appropriately equipped for the run (including appropriate footwear, necessary medication, sun protection etc) and is accompanied to and from the event.

For any enquiries please contact me at the College.

Open Days

UTS Open Day is a fun and informative day for anyone who is thinking about uni. There will be various info sessions, campus tours and activities throughout the day, across our many faculties and services. You can also enjoy the free entertainment and lots of freebies.

This is your perfect opportunity to spend a day on UTS campuses, learn about courses and career options, talk to our staff and students and see what it's like to be a uni student.

**Saturday 30 August**, 9.00am – 4.00pm, UTS City Campus

**Saturday 6 September**, 11.00am – 1.00pm, Kuring-gai Campus, Lindfield

---

**Experience UTS Day**

**2 July 2014**

Experience UTS Day is your chance to visit the UTS City campus (during the July school holidays) and take part in a day of hands-on workshops from across our many courses. Years 10, 11 and 12 are invited to attend to visit the campus, check out UTS facilities and chat with UTS students to gain an insight into life at university. Students build their own timetable for the day, choosing up to 4 hands-on workshops to attend. Past workshop examples include *Life in a Hospital ER, Fishy Forensics, Digital Literacy* and many more.

More information and full event program will be available closer to the event date. For further information please visit [http://www.uts.edu.au/node/3977](http://www.uts.edu.au/node/3977)
