P&F TRIVIA NIGHT
Saturday 7 September

Dear Parents and Carers,

It has been another busy two weeks for staff and students at Mercy. As you are aware all Mercy staff attended part of the Australasian Mercy Secondary Schools Association (**AMSSA**) **Conference** last Friday.

The conference theme was *Speaking the Silence* and we were inspired by the words of the numerous speakers who were all advocates of those who are unable to speak for themselves.

Conference keynote speakers, Sister Angela Reed RSM (Mercy Global Action Coordinator, United Nations), Mary McAleese (Former President of Ireland) and Phil Glendenning AM (President, Refugee Council of Australia and Director, Edmund Rice Foundation), challenged the conference-goers to be the voices of those who can't speak, and to do more about empowering them to speak for themselves.

Mary McAleese, spoke of **"the confident voice that comes from education to interrogate the structures around us"**, urging us to be hope-filled, graced by sacred silence, to hear the silent cry of the poor and of the earth, and to 'crowbar', by faith and intellect, a new space for the silenced to speak for themselves.

A wide variety of adjunct speakers and workshops, further reflected on the broad resonance of the Conference theme; for developing student voice and hope in the world, remaining attuned to advocate for the many who remain silent and silenced in our classrooms, communities and the world.

"It was quite, quite extraordinary ...restorative, daring, rich and inspiring." (Alice Priest)

Angela Reed RSM

Mary McAleese

Phil Glendenning AM

ASSEMBLY GUEST SPEAKERS:

We were very fortunate to have at our Assembly this week visitors from one of the organisations we support in Vietnam: Blue Dragon Children's Foundation. Michael Brosowski the Blue Dragon Founder, Vi Do (one of the streetkids rescued, educated by Blue Dragon and now working for the Foundation) and Kim Miller (Schools Coordinator) were our guests.

Message from Principal

More than 66% of Vietnam's population lives in rural areas, where rice farming is the major industry and whole families earn as little as \$1 – \$2 a day. Children growing up in extreme poverty often have no choice but to quit school and move far from home, exposing them to dangers such as trafficking, homelessness, sexual exploitation, drug abuse and illness.

Blue Dragon offers children and families in crisis the chance to turn their lives around, providing practical solutions to the daily problems that are keeping poverty alive. The work they do includes rescue and crisis care for young people in immediate danger, as well as providing shelter and long term support for them to return to school.

Mercy's annual immersion programme for senior students to Vietnam includes time spent at the Blue Dragon Centre in Hanoi where we have painted class rooms, worked with the children decorating the Centre for lunar New Year and taking the kids bowling, as well as financial support.

P&F TRIVIA NIGHT:

One of the best nights in your social calendar is fast approaching. 7 September is the P&F Trivia Night where in the past few years we have had so much laughter and fun games. It's a night to join with other parents in your daughter's Year group or create a table of your own friends. Please see the proceeding flyer to book.

NORTHSHORE SCHOOLS EXPO:

Last weekend the Northshore Schools Expo was held at the Concourse. This is an expo of many of the schools in the area. Mercy had a stall here promoting all the wonderful things we have available for girls' education as well as advertising our Open Morning.

Open Morning was a great success and our enrolments are very strong. So this is a reminder to our current families if there is a sibling that you are wanting to come to Mercy then you need to get an application in asap. To more or less guarantee a place at Mercy then you need to enrol your daughter when she is in Year 4 or at the latest, at the beginning of Term 1 of Year 5. We are now taking enrolments for 2022.

AMSSA Conference and Staff Spirituality Day

Last week I was privileged to attend the 2019 AMSSA Conference, a gathering of 150 secondary school leaders and educators from Mercy schools all over Australasia. This year the conference was hosted by Monte St Angelo College in North Sydney.

The theme of the conference was 'Speaking the Silence' which focused on the cry of the poor, the marginalised and the most vulnerable people in our world. Delegates were called to take up Catherine McAuley's challenge "A time to be silent and a time to speak."

The AMSSA Conference opened with a Welcome Mass celebrated by the Most Reverend Bishop Vincent Long Van Nguyen. Mercy College students performed in a Combined Mercy 5 Schools Choir and Orchestra under the direction of Ms Kath McGreal. The liturgical music was sensational, bringing to life the theme of the conference through stunning arrangements of music that showcased the exceptional creative gifts of our students.

On Friday 9 August staff from Mercy College attended the AMSSA Conference for our annual Staff Spirituality Day. We heard a powerful eKeynote Address by Mary McAleese, the former President of Ireland. She spoke of the many challenges currently faced by the Church, and urged us to be courageous followers of Jesus like Mary, Mother of God. Mary McAleese said "We need to use our intelligence and our faith to live Christ's mission in the world". She called us to be "champions of human dignity", people who speak out and respond to the suffering and injustices that we see in our communities and in the world.

Following in the footsteps of Catherine McAuley, the conference graced us with the opportunity to listen for, and to speak, the urgent and perhaps even uncomfortable silences – in our work in our schools, in our Church and in our world. It was a thought-provoking day that allowed us to learn more about the Mercy charism and how we can contribute actively to the mission of the Church.

Year 7 Bake Sale at Our Lady of Dolours Church

On Sunday morning eight Year 7 students held a Bake Sale to raise money for the St Vincent de Paul Winter Appeal.

The students demonstrated excellent leadership skills in the planning and organisation of the Bake Sale, under the direction of Lily R. The delicious spread of cakes that the students baked were impressive and were sold out quickly and raised over \$450 for the Vinnies.

It was wonderful to see our Year 7 students demonstrating such a strong passion for social justice and embracing the Mercy charism with their generosity of time and spirit. Catherine McAuley our foundress reminds us that "the poor need our help today, not next week" and these young women have certainly responded to this call.

Year 7 Bake Sale at Our Lady of Dolours Church continued

Below is a student reflection about the Bake Sale.

My friends and I were thinking of ways we could raise money for charity, have lots of fun and also gain social justice hours towards the Honours and Blue and Gold Award. We came up with the idea of holding a 'Bake Sale' after the Family Mass service on a Sunday, with all money raised going towards the Vinnies Winter Appeal.

We received approval from the church and Ms Stojanovski and we advertised our Bake Sale in the Church Bulletin. Together eight students in Year 7 made loads of homemade cakes, muffins, biscuits and slices. On Sunday the 11 August, we braved the cold wind and were thrilled that we made \$453.50 for the Vinnies Winter Appeal.

There were many satisfied and happy customers, whom I am sure are enjoying our yummy baked goods! We had a lot of fun and enjoyed the process of organising this event with the end result being over and above our expectations. Thank you Ms Stojanovski for all your help and braving the cold!

Lily R—Year 7

ACTIONS SPEAK LOUDER THAN WORDS

In each Year Group the students did the activity -What it means to be a Mercy Girl. They had to come up with around 12 words in small groups and then as a Year Group decide on the final words, that they felt best represented their Year Group. The Images have been put in the undercroft alongside the 2018 Mercy girl images.

We know students do not always connect the activities in the classroom to real life, therefore, this week each Year Coordinator reminded their students about the words they wrote and the importance of acting on the words not just looking at the words.

Common words were compassionate, supportive, accepting, inclusive, respectful, forgiving, hard working. The Year Coordinators spoke about working together as a Year Group, being more cohesive and in connecting this with the RISE words, we are also talking about, **Empowering** each other through encouragement, not through put down or gossip. **Inspiring** each other to persevere, celebrate the talents of others, and continue to **build positive respectful relationships**. We will continue to remind the students and make them accountable for their Mercy words.

We must acknowledge the wonderful work Lily A Year 8 did in designing the final image and the work Samantha F Year 10 did in creating an image.

Mrs G McDermott
Director of Student Wellbeing

Gold Duke of Edinburgh Award

Congratulations to Zoe C and Caitlin H (Year 12 2018) for being awarded their Gold Duke of Edinburgh Awards at Government House on Tuesday 23rd July, 2019.

This is an excellent achievement, as not all students who begin their Gold journey ever complete it, so this is very commendable.

During Week 2, Olivia W—Year 7 was a part of the NSW Combined High Schools Swimming team which travelled to Melbourne to compete at the School Sport Australia Swimming Championships.

Olivia raced in the 13yrs 50m Freestyle, winning the event, and in the 13/14 yrs girls 50m butterfly, placing 4th. She was also swam in the NSW 13/14yrs girls relay teams placing first in the 4 x 50m freestyle relay and second in the 4 x 50m medley relay.

It was a wonderful opportunity to compete at the fabulous facility - Melbourne Sports and Aquatic Centre and to be a part of the strong NSW team. This was also an extraordinary opportunity for Olivia to travel and experience Melbourne.

Premier's Lunch Parliament House

On the 7th of August, Hannah and I were fortunate to be given the opportunity to attend the NSW Secondary Schools Premiers Lunch as representatives from Mercy College. The day started with an introduction to the other leaders from Chatswood High School, Willoughby Girls High School and Glenaeon Steiner School.

We were then invited to Premier Gladys Berejikilian's office, where we discussed local issues, government initiatives regarding global warming and the challenges and rewards she encountered as Premier. It was an enlightening experience and thoroughly enjoyed by all.

The day concluded with a tour of NSW Parliament house followed by all eight leaders sitting in on question time, which enabled us to have an insight into the behind the scenes processes of NSW parliament and politics. Overall it was a great experience and we are grateful to have been able to attend.

Hannah B and Abbey J - Year 11

YEAR 11 BUSINESS STUDIES EXCURSION

On Friday the 2nd of August, the students undertaking the Preliminary Business Studies course visited several locations to highlight the practical application of course theory.

The first location visited was UNSW, where we were given a tour by two student ambassadors who are undertaking Commerce degrees. During the campus tour, we were given insight into what it was like studying a Commerce degree and we were able to view the university grounds, lecture theatres and buildings of the university.

Next we visited IKEA Tempe, where we were given a worksheet to fill out and needed to observe numerous showrooms and comment on why IKEA would spend significant amounts of money putting these spaces together. As we continued walking through the store, we noticed that there was no natural lighting, which aimed to prevent customers from knowing how long they spent in the store, with the aim of encouraging them to remain and purchase more items.

The iconic IKEA restaurant was where we had lunch and noticed, unlike within the store, this section had natural lighting, which aimed to allow consumers to relax and re-energise to continue purchasing as they venture into the market hall. The market hall was the next section of the store containing several smaller items, before progressing into the self-service furniture area.

The IKEA visit encouraged us to think about how the operation processes and layout can assist in maintaining low prices for consumers. This visit also made us aware of marketing techniques used to persuade consumers to purchase the store's products. Both the operations and marketing strategies used by IKEA aim to increase sales and profits - a common goal among businesses.

Personally, I enjoyed analysing the store layout of IKEA, whereby I was made aware that there is only one upwards escalator into the store so that consumers would need to walk through the entire store, and be exposed to other products in order to exit.

This manipulative technique aims to increase sales by encouraging consumers to impulse buy items as they walk through the different sections of the store.

Year 11 Business Studies Excursion continued...

Finally, we visited the Krispy Kreme store, where we planned to observe the production process of making the donuts and quality control systems, however unfortunately the machines were not running. Most people purchased donuts, which was interesting to observe the lack of systems in place to deal with a large and sudden influx of customers.

Overall, the excursion provided valuable insight into the operations and marketing functions of businesses, which will be helpful as case studies to use in the Year 12 course.

Cailin G - Year 11

SILVER DUKE OF EDINBURGH QUALIFYING HIKE

On Tuesday the 6th of August at 10:00am, 29 Year 10 students and 3 staff members met at Church Point Wharf to embark on Silver Duke of Ed's Qualifying hike. We caught the 10:30 ferry from Church Point and spent the 20 minute journey eating our recess until we arrived at Halls Wharf. We walked up the track leading from the wharf to the Pittwater Youth Hostel where we were greeted and shown to our rooms.

We then had 20 minutes to organise our day packs (consisting of necessities such as a first aid kit, lunch, water and a map) and had a quick ten minute meeting outlining our activities for the day and then began our journey to our lunch destination, Willunga Lookout.

We began walking on a makeshift path that was steep and required us to hold onto and step over rocks. After this track, we regrouped and took a 3 minute break at a small lookout, did a soundoff to ensure that all group members were present before joining onto Towler's Bay firetrail. The trail was very dry and surrounded by trees, bushes and logs. The path constantly went uphill then downhill until the trail met West Head Road.

We crossed the road and joined onto the Willunga Track which would lead straight to Willunga Lookout. We spent the next 10-15 minutes pushing our way through overgrown shrubs and bushes until we reached the lookout at 12:30. We admired the view when we arrived and noted familiar landmarks that we could see in the distance, such as the Baha'i Temple. Willunga Lookout is the highest point in the National Park and provided some wonderful views. We took photos, assessed our 'nude food' and ate lunch for half an hour before splitting into two groups for the afternoon activities.

Those who were kayaking were in the fast group and they walked back along the Willunga Track and Towlers Bay Trail. The kayaking group were given 20 minutes to change into swimmers and select appropriate equipment such as a life jacket and paddle.

We walked down hill carrying our equipment until we arrived at the kayaks. We split into small groups of two and three and spent 1.5 hours kayaking around Morning Bay. Amongst the cool water were small fish schools and tiny jellyfish.

We kayaked up towards the shallow waters and mangroves where the water was clearer. Some students decided to climb amongst the mangroves whilst others floated on the water and relaxed in the cool ocean breeze.

We gradually began to paddle back to Morning Bay to take back the kayaks and walk back up to the hostel to have a shower.

Once everyone had showered and organised their rooms, we relaxed and started to make dinner at around 5:30. Most dinners consisted of reheating pre cooked food or cooking fresh food such as pasta or sausages. At around seven o'clock we all gathered in the common room and Ms Dorey led a trivia/educational lesson on the environmental impacts of human waste.

The main lesson that I took away from this talk was that so many resources such as plastic are over consumed and are unnecessary. Plastics take a long time to break down and often find themselves not in landfill but rather in oceans and other environments, placing all flora and fauna at risk.

I was definitely made more aware of my plastic consumption. After our lesson we went back to our rooms or wandered around the hostel until it was time for lights out at 10:00, a rule in which most girls did not follow.

Silver Duke Of Edinburgh Qualifying Hike...

The following day, we woke up at 6:30, watched the sun rise over the water and began to get ready for the day ahead. We had our breakfast, packed our day packs and got ourselves organised for the next part of our journey.

At 8:20 we ensured everyone was ready, did a quick sound off and we then embarked on our adventure for Day 2.

We walked along the unnamed track for approximately an hour before we found ourselves at a dead end. After a bit of confusion of what way to go next, the group leaders lead us back up the track for 300 metres until we reached the very easy to miss pink ribbon - an indicator of our path.

We then found the correct track to follow, which then lead us up a very steep hill for approximately 30 minutes. After many uphill twists and turns, and many quick rest stops along the way, we finally made it to our recess rest spot, Birnie Lookout.

The views from the lookout were incredible and definitely worth the long, uphill hike! We took this opportunity to congratulate everyone for their effort, take some photos and have some food to fill us up with energy before we set off on our way back down to our next destination.

Before leaving, we were given a few history and geography lessons about the beautiful area from our peers.

While we headed back down, we appreciated and took some photos of the flora and fauna around us. We walked back past the hostel and down to the old abandoned NSW Government VIP House.

Here, we had some time to eat lunch on the beach and regain our energy, before we headed back up to the hostel, for our second round of afternoon activities.

The kayakers for Day 2 set out on their journey right away, whereas, the bush regeneration group for the second day had some time to rest up in their rooms until 2:30pm, before beginning their journey of finding and weeding as many Mother of Millions as possible.

Mother of Millions are a type of weed that infest grasslands, woodlands and open dunes, and is poisonous to stock. After 1½ hours of bush regeneration, it was finally time to take off our dirty clothes, have our showers and get into some comfy pyjamas.

We then did some yoga and came up with practical solutions to our environmental impact, then cooked our dinner, before completing mapwork in the lounge area.

The mapwork was then followed by some trivia and fun board games to wind us all down from a very busy yet fun day. At around 9:30, it was time for us to all go back to our rooms and go to sleep, ready to get up bright and early for a sunrise walk.

Silver Duke Of Edinburgh Qualifying Hike...

On Day 3 we woke up bright and early at 6:20am, put on some warm clothes and left the hostel at approximately 6:30 to walk down to Woody Point to see the sun already rising. We admired the sunrise, took photos and calmly watched the water before returning to the youth hostel.

We had breakfast, packed our packs, swept and cleaned our rooms before being farewelled and departing the Pittwater Youth Hostel. We had a sandcastle building competition while waiting for the ferry.

Students were required to make sand creations of objects they believed reflected their Duke of Ed experience. There were a lot of turtles to signify what we had learnt about plastic waste, as well as a compass, feet and a mermaid.

The turtles were declared the winners and we walked back along the wharf to board the ferry. We arrived back at Church Point Wharf and separated to make our own way home.

In conclusion, the Silver Duke of Ed qualifying hike was very enjoyable. We had short, rewarding walks which led to nice views as well as participated in activities such as kayaking and bush regeneration that few students had never done before.

The hike was less exhausting as previously but, still required our full attention and effort to successfully complete. It was a very fun and laugh filled three days that I am sure no one will forget.

Eloise B & Molly A

Duke of Edinburgh- Gold Practice Hike

In the second week of the July school holidays, 10 Gold Duke of Edinburgh participants embarked on a 4 day hike on the central coast from Yarramalong to Wondabyne.

We assembled with very heavy packs in Yarramalong where we met our guides and received the maps, which we would use to navigate throughout the hike. We examined the terrain and compared the distances which we would walk each day. We began walking along the Great North Walk and after an extremely tiring first 3 Km, we stopped for a break, which we all needed!

After several hours of hiking, we came to a running stream of water, where we filled up our water bottles and used purification tablets to ensure that it was safe to drink. This was a new experience for many of us and throughout the hike, we came to appreciate the availability of running tap water and learnt to conserve the 3L of water to ensure we had enough for cooking, cleaning and drinking each day.

After walking approximately 10 km, we reached the campsite, which was a clearing in the path, without any amenities, which meant the toilet was a bush and the night was extremely dark and cold. Most of us awoke with sore bodies from carrying 15-20 Kg on the first day and sleeping on the hard ground. The cold winter air was definitely not pleasant weather to pack up our tents and get dressed in.

After we began hiking, we encountered a steep incline, which required extensive amounts of energy to climb and most of us had blisters by the time we reached the top.

Later on we stopped at Somersby general store, where we had lunch and learnt some navigation skills, which we would use in the following days. After completing the day 2 distance of hiking 18 Km, we were glad to reach the site where we pitched our tents and went to bed.

On the third day we walked along Mooney Mooney creek for the majority of the hike with similar terrain consisting of uphill, downhill and some relatively flat areas.

We stopped for a break at the top of a water fall, although to get there, we crossed extremely slippery rocks where numerous people slipped or fell.

After reaching the waterfall we stopped to fill up our water, do some navigation skills and have a rest.

Duke of Edinburgh- Gold Practice Hike Continued...

We later crossed under the Mooney Mooney bridge, which was a significant achievement and it was encouraging to have a landmark to acknowledge how far we had travelled. Following this, we crossed over a rope bridge, which was fun to swing on and we were all hoping that it would withstand our weight!

We eventually reached our campsite, which had proper toilets and showers, which we all took advantage of. We watched the sunset and celebrated Lauren's birthday by roasting marshmallows on the fire and creating smores.

On the final day, we woke and packed up early in order to catch an early train home. We hiked 9 Km, encountering fallen trees and rocks along the track. At a high point, we completed some more navigation skills, which we will be assessed on in our qualifying hike. After several trips and falls, we made it to Wondabyne train station and were glad to return home to our comfortable beds.

The hike was physically challenging and required a high understanding of navigational skills, although it was an enjoyable way to spend part of the holidays. Along the way we developed our teamwork and leadership skills and we all successfully hiked 52Km- with heavy packs - an achievement of which we are all very proud!

Cailin G—Year 11

2019 MCC Fathers' Day Breakfast

7.00 am til 8.30 am

Thursday 29th August 2019

This is an event for current MCC students and their fathers.

Mercy College Chatswood

Dear Parents,

MCC 2019 Fathers' Day Breakfast – Thursday 29 August 2019

We look forward to welcoming Fathers and their current MCC daughters to the annual Fathers' Day Breakfast to be held on Thursday 29 August from 7.00am til 8.30am. This is a complimentary catered event.

To date, there are 124 Fathers and their 154 daughters attending this function. If you would like to attend, please RSVP using the link below, **before SUNDAY 25 August** to ensure we cater appropriately.

<https://www.trybooking.com/BEINL>

MCC 2019 Trivia Night – Saturday 7 September 2019

So far, 42 tickets have been sold to this event that promises to be a wonderful night of fun and provides the chance to win fantastic prizes. Please consider purchasing tickets using the link below.

Nicole Clancy (the College's Marketing and Promotions Officer) has done an amazing job securing a great number and variety of donations and prizes. Funds raised on this night are used to provide an even better environment for our daughters at MCC.

<https://www.trybooking.com/BCKZQ>

MCC P&F Meeting

Thank you to those parents who attended the P&F meeting on Wednesday night. We are very grateful to the MCC staff who also attend to keep us informed.

Please feel free to call me at any time if you have any questions or would like to provide ideas or feedback.

Phillipa Sobb
P&F President

Getting started!

Step 1. Download Qkr! on your Android phone or iPhone Via [App Store](#) or [Google Play](#)
iPad users can download iPhone App.

Step 2: Register

Select your Country of Residence as 'Australia' and follow the steps to register

Step 3: Find Mercy Catholic College, Chatswood

Search for Mercy Catholic College or Chatswood

Step 4: Register your Child/ren

When first accessing your school menu; you will be prompted to register your child. This allows you to make school payments on their behalf.

Note: The [Qkr web client](#) is available for those not wanting to complete transactions from their mobile phone.

About the Qkr! App

Qkr is a safe, secure and reliable way to pay for school items. Qkr is provided by MasterCard so you know the payments are secure. No information is stored on your phone. Registration details and card information are saved securely on the MasterCard network.

For more information please click on the link below or contact Mrs Margaret Kellendonk Co-curricular activities Administrator 9419 2890 or margaret.kellendonk@dbb.catholic.edu.au

[https:// www.mastercard.com.au/en-au/about-mastercard/who-we-are/qkr.html](https://www.mastercard.com.au/en-au/about-mastercard/who-we-are/qkr.html)

Q. How can I keep track of my Qkr! payments?

A. Itemized Qkr! eReceipts provide a record of purchase and are a convenient way to keep track of your Qkr! payments.

To view your eReceipts:

1. Open Qkr! and tap 'Activity'.
2. Scroll down to 'Order History' and tap 'Receipt' to view eReceipts.

Never lose a receipt: email receipts to your account:

1. Select the eReceipt you wish to email to yourself.
2. Tap on the mail icon at the top right of your screen.
3. Tap 'Send' to email the eReceipt to your email address, or enter another email address, and tap 'Send'.
